Romulus picks lawyer

The Romulus City Council has picked an attorney for the city's first urban renewal condemnation program.

At last week's session, city council members approved a contract with the Detroit law firm of Elsman, Young and O'Rourke and Detroit Attorney Kenneth M. Davies to proceed with condemnation proceedings in Wayne County Circuit Court as soon as possible.

The contract with the firm calls for legal service relative to urban renewal development program from Sept. 15 until April 1, 1974. The firm presently is the city's legal counsel.

The council approved the payment of \$35 per lawyer hour

for office work, travel, research and preparation.

In addition to this compensation, the attorneys are to be reimbursed for expenses and disbursements in connection with legal proceedings such as court costs, costs of depositions, witness fees, long distance toll charges,

recording fees, printing, transcript of testimony and all expenses directly relating to the prosecution of con-

The council approved contract stated that in "no case shall the compensation provided for the \$35 per hour per lawyer rate exceed \$18,600.

George Wilhelmi, urban renewal director said there are about 50 parcels of property that the local urban renewal agency has been unable to acquire, which must be acquired in the urban renewal project and must now be procured through condemnation proceedings.

The council also submitted six bids for the demolition and site clearance of ten structures in the Wayne-Beverly Road area - the 175-acre site of the city's first urban renewal project - to the city engineers and urban renewal director for recommendation.

The bids received by the city ranged from \$4,200 to \$13,836.

Board chairman Donald J. Pizzimenti and secretary Hiram McNeeley today will sign contracts with the three lowest construction bidders -Hyatt Construction, Inc., money at a six per cent in-Down River Mechanical, Inc., and Cates Electric Company.

Legal counsel Charles B. Cozadd told board members he had been working on several approaches to finance the PCHA \$6.1 million building program which was stalled last month because of the indecision arising from the Michigan Supreme Court ruling on the Detroit sports stadium case.

The authority had expected to okay the sale of \$5 million in bonds at a Sept. 7 special meeting, but were told by bond counsel that he could not recommend approving the bond sale.

Although action is being taken to amend Act 94, the Revenue Bond Act, which caused the bond sale halt, Cozadd said the PCHA could begin construction with the \$3 million in the general fund. The money had been set aside

for the hospital additions.
"With the Hill-Burton Act grant and the money of our own, PCHA can begin the project," Cozadd said. "According to reports, it will take two years to complete the construction. We only need half the money in hand to begin it.

In May, the authority received word it would receive a \$600,000 federal grant for the project from the U.S. Department of Health, Education and Welfare which distributes the fund under the Hill-Burton Act.

\$600,000 grant and so will the state because it cannot be allocated to another facility," Cozadd said.

Section 8.a of the Joint Hospital Authority Act allows the authority to loan money for operation and maintenance, he said. "Section 8.a allows the authority to borrow terest rate, as long as the loan is paid off inside of a year.

He read a letter to board members from the National Bank of Detroit which assured PCHA the bank would "loan the authority up to \$2,500,000 at an interest rate to be negotiated, but not to exceed six per cent per annum." The bank's committment remeins in effect for one year, according to the letter.

"When the state sees the National Bank commitment, the state will be satisfied we have the money for the project," Cozadd said. "We will know within a year's time we are going to have to borrow the money.

"I don't think we will ever have to use the loan, due to the fact that the thing (bond sale

issue) has got to be cleared up. PCHA can either function through the whole program without borrowing, or if the Revenue Bond Act is amended, go through with the bond issue.

"They shifted money into a high tax yield community like Dearborn at the expense of a low tax yield community like Westland, where you have fast-growing population and a relatively very low tax base," he said.

"However, the compromise version of the bill provides for the state legislature to adopt a distribution formula inside the state. Providing they use the same criteria, they can weigh it any way they want. The Legislature can go back to the House version or some compromise in between.

The key to how much the allotments to area communities will be changed is up to the legislature. Reapportionment could align the legislature in a way which would give the suburbs more votes than those in Detroit and Dearborn, according to Ford.

"In 1970, I ran for Congress," said Fackler. "I tried to bring home the point that revenue sharing was a very good

'It's apparent that (Ford) has recognized its value to this community and to others in the 15th District, and I think it's good. But, perhaps it should have been done in 1970, and we could have been arguing then about such things as why Westland isn't getting more.

"I have full confidence that the President will provide as near as possible some formula which would try to be equitable to urban, suburban and rural communities,' Fackler continued.

"I'm somewhat reluctant, certainly, to give X billions of dollars to state legislatures for them in turn to allocate." "I think the Nixon Administration is trying to put an em-

phasis on areas where he recognizes the most need. 'In Westland, I certainly don't think you've got the problems that Detroit does. The magnitude of those problems is just tremendous. We're dealing with a communications problem, and I think a Republican Congressman would be an

answer to that communications problem," Fackler said. "It's clear that the White House intends to replace the \$5 billion in this bill by cutting it from someplace else," said

"I intend to continue to fight against any attempt to diminish support for any type of categorical aid," he said.

"I don't think it ever was the intent of the Nixon Administration to eliminate or to preclude grants-in-aid." said Fackler. "I think that the intent of the revenue sharing proposal is to allow greater flexibility in meeting a number of problems in a number of groups of government agencies.'

ON MASS TRANSIT

Both candidates indicated they were in favor of mass transit, but differed on the scope of development.

Ford indicated he supported a bill which would have provided federal money for mass transit development. "The last bill that Republicans killed in the House of Representatives at time of adjournment was the highway bill which contained a very substantial commitment of federal funds for developing mass transit," said Ford.

Financing mass transit, according to Ford, isn't a question of financing only rail transportation or financing only highway transportation, but is a question of financing an integrated transportation network.

When you compliment a truck on a highway with a fast method of rail transportation serving the whole area, I don't think you're dealing with alternatives, but with two things

that can work together," said Ford.
The congressman said he wouldn't favor taking money

ERNEST FACKLER WILLIAM D. FORD

from the Federal Highway Trust Fund for use in a mass transit system. "I don't think you should make the money collected from the highway user the base for supporting a transportation system that is based on some other form of transportation," he said.

'I think it's certainly no secret," said Fackler, "that one of the wealthiest areas of certainly federal and state funding has been that gasoline tax.

"I think too, that it should be recognized that (mass transit) is a state problem."

"I frankly would like to see it solved here in the State of Michigan before we have national legislation. I can recognize that the problems of mass transit in the greater Detroit area are similar to those in Cleveland, Chicago, etcetera, but I think Michigan can lead the way.

"I don't preclude the notion that the federal government, would, down the road, participate in some form of national mass transit system.

ON THE WAR Fackler aligned himself with the Nixon Administration on the handling of the war in Vietnam. The Republican candidate indicated that Nixon has done an adequate job of winding down the war.

"The troops have been reduced now to about 39,000, which is about 95 per cent of where it was when he came into office. The casualties are down 99 per cent from what they were when he took over," said Fackler.

"And simply because George McGovern believes we should pack up our bags, wave the white flag and put all of our troops on the boat within 90 days is simply not giving President Nixon his due in terms of the efforts he's done in

'President Nixon wants to be known as the president who brought peace to Vietnam."

Ford said, "I don't know whether McGovern is any different from me. He probably came to the conclusion earlier than I did, that we had no valid reason for continuing our investment in Vietnam.'

'For five years now, Congress has been solidly trying to get a handle first on President Johnson, and now on Nixon through the Congress. Unfortunately in the House the most votes we've been able to get is 156, and we need 218 for a majority to put some limitation on it and force him out. 'We've never suggested that the president wave the white

Against Ford, Fackler

"In fact, the man who has been President for four years, who was elected on the promise to the people that he had a secret plan to end the war, has presided over the killing of 20,000 more Americans."

"The Republicans like to talk about the 39,000 combat troops. They don't like to talk about the roughly 200,000 supporting military force we have throughout Asia and South

The only thing the President has done is sanitize the war to the American voter in an election year. We don't get as upset about going above the clouds and dropping impersonal

"There's nothing on that bomb that says 'these fragments are intended for hostile Vietnamese only.' We just go up and wipe out a village, and say it had some military value.

If we've wiped out so damn many strategic military targets, then how is it possible that that little bitty country of rather primitive people has not been stopped?

'The same President who has vetoed four education bills because we can't afford the expenditure for education in this country, that totally in a year represents less than two months cost in Vietnam, is willing to continue pouring that dough in there in a no-win war that he has acknowledged for

over two years is impossible of military conclusion."

Ford moved from his idea of the Vietnam War to unemployment, stating that the war has not been good for the economy of the country.

"I've got pockets of unemployment in my district of up to 15 per cent," he explained, "and cannot accept the premise that the war has been good for the economy.'

'If we had the 500,000 soldiers we had in Vietnam at the height of the war home buying new cars, we would have helped the economy more than what they were over there shooting up in Vietnam.'

Ford contended that the Nixon Administration has agreed that a six per cent unemployment rate is acceptable. "That means that six out of every 100 families in this country is out of work," he said. "I challenge anyone to choose which six of those 100 families should be without a provider.

"It means that six out of 100 families in this country are on

Fackler contended that unemployment was a by-product of withdrawing from the war in Vietnam. "When you withdraw 500,000 troops from the conflict area, when you begin winding down spending billions and billions of dollars in a foreign land, you're talking about human lives and you're talking about a lot of money

"It's certainly one of the points that history makes after every war is that you do have unemployment, that you do have economic problems."

Ford said that the actual figures on reducing the military force are 175,000, since the returning veterans were replaced

with volunteers and draftees. "Congress told Nixon that 'you will reduce the number of people in military uniform by 175,000', and that's the net

loss," he said. Fackler contended that the war's end would bring about an

economic decline. "I never heard of people on Wall Street buying when they

think a recession is coming," said Ford, a suggestion we're getting close to like mad on Wall Street. very time there's ar the demand "They have confidence that

The Michigan Department of Natural Resources (DNR) approved a \$54,342 grant for the park's development more than a year ago. The city began planning the park in May, 1971.

The DNR' park grant called for a 30-acre park facility. The initial plans as prepared by the city in May, 1971 were based on a 15-acre site.

PCHA hears report on year's audit

The Peoples Community Hospital Authority (PCHA) last week heard a report on the authority's financial statements for the year ending June 30, 1972 from Arthur Young and Company, ac-countants from Detroit.

'We are pleased to note that our audit procedures during the current year have in-dicated that the accounting system and procedures are operating efficiently and that an adequate system of in-ternal control is in operation," a company spokesman said.

The PCHA board also heard reports from the operating committee and approved the payment of current bills amounting to \$70,374.20.

The board canceled a contract with Service Bureau Corporation for processing payroll checks and will contract with Burroughs Corpayrolls and furnishing detailed weekly labor distribution reports.

The board accepted bids amounting to \$42,326.70 for 12 vehicles and decided to sell nine used 1972 Ford automobiles and a 1972 Mercury Marquis Brougham to PCHA employes or dealers at a price of no less than \$25,780.

Another opinion

72's moment of truth, election day, is at hand

The moment of truth for the 1972 election

campaign is at hand.

During the past few weeks the Panax Newspapers have been providing in this space our opinions on the merits of the can-

didates and issues. A recap of our opinions and recom-mendations on the four state referendum items, the senate and presidential races, and the State Supreme Court race follows:

Proposal A, Dalight Saving Time: We advocate a yes vote on daylight saving time in order to bring Michigan into line with the eastern part of the country with which we are so closely tied. Confusion and massive inconvenience can be eliminated with a yes vote. Michigan loses an hour in the morning and an hour at the end of the day in its economic and business dealings with the eastern part of the nation. A yes vote would end this severe loss.

Proposal B, Abortion: We believe abortion kills a human being. We urge a no vote to save generations of innocent unborn babies who would be sacrificed to the convenience of an increasingly selfish society. Abortion is not a religious issue or a question of women's liberation. It goes to the fabric of society and permits killing unborn children for the sake of man's social and economic convenience. We choose life and urge a no vote.

Proposal C, Property tax limitation: We reluctantly support property tax limitation for the financing of public schools. The proposal isn't ideal and offers only a switch in taxation, not taxation reform. Current school tax methods result in great inequities to students and parents. If proposal C passes, citizens must be on guard to maintain local control of their schools and not permit the legislature to assume control. We recommend a yes vote but with the warning that parents should not be duped into thinking they will save money. They will have to work harder to keep control of their schools out of the hands of politicians.

Proposal D, Graduated income tax: In our opinion this issue should be voted down. There is no guarantee that state income tax would not be raised from the current 2.9 per cent to 10 per cent or more. And that's what it could take to pick up the slack from decreased property tax funds.

Proposal E, Vietnam Veterans Benefits: This is an opportunity to provide at least a token benefit to Vietnam veterans. The educational benfits or bonus are little enough to help veterans catch up with the life they left to fight an unpopular war half a world away from home.

Michigan Supreme Court: The Panax Newspapers urge support for Calhoun County Juvenile Judge May Coleman and Wayne County Circuit Judge Horace W. Gilmore. Mrs. Coleman is a Republican, a practicing attorney for 31 years and a probate judge for 12. Gilmore, a Democrat, is a legal scholar who has been in public life for 21 years.

U.S. Senate: Senator Robert P. Griffin deserves a second six-year term in Washington during a period when his stature with the administration means almost as much to Michigan as his leadership in the legislative branch of government. Griffin is his own man who acknowledges his Republican heritage but who is not afraid to oppose the president when his convictions

The Presidency: Richard M. Nixon has earned a second term in the White House for the courageous and bold moves he has made solve the nation's domestic and foreign problems. The imminent Vietnam cease-fire, China and Moscow visits, wage and price controls, dollar devaluation, and the pushing of total employment to an all-time high are great examples of what he has done for America today and for generations to come. There are roads still to be traveled to assure peace and a healthy economy but a start has been made and will be continued with the reelection of President Nixon.

Electing educators is wrong

Political parties nominate and the voters elect the members of Michigan's policymaking boards for the education of the young. The process is a hackneyed throwback to 19th century politics and is as incompetent

We cannot in good conscience endorse any one of the 31 candidates for the eight openings two each on the State Board of Education, the University of Michigan Board of Regents, Unive Trustees and the Wayne State University Board of Governors.

Even the most qualified of the candidates will find it impossible to serve in the manner or capacity that education demands. It is incredible in an enlightened day that the most important function of government should be subject to partisan whim.

That's why we will sit this one out.

The elective boards have demonstrated clearly that major — and in some cases minor — decisions can be delayed for months because of partisan wrangling and personality clashes on the boards. Such a scramble has left the MSU Board without a chairman for years.

The U. of M. regents were totally unprepared for the student demonstrations, the WSU governors have performed barely adequately and there is no need here to recount the troubles on the state board over busing, sex education and the change in superintendents.

Professionals on the campuses have won court decisions to protect their constitutional powers from legislative usurpation. The fact that the legislature felt it necessary is demonstration enough that policymakers cannot run the campuses or their administrators.

We support Gov. William G. Milliken's efforts to abolish the board of education as an elective body and replace it with an appointive board. At the very least, his proposal would centralize responsibility in the fee to pay the state to finance governor's office. Under the present system, it is dispersed through a membership nominated almost as an afterthought by political parties.

The Big Three universities argue that the legislature should not be dictating courses and administering the campuses from Lansing. They are right, of course, but some change must be devised to choose regents, trustees and governors other than in a subechelon of partisanship.

Parties look for candidates who can win elections, who have a built-in popularity or political base, who can make a good appearance and behave as a proper beneficiary of the straight-ticket vote. That's why every two years we get a rash of former football players, ethnic standouts, superannuated organizations and concerned political leaders, and, as a reward, those who legislators of both parties. pounded the pavement for their parties in past campaigns.

We don't believe that geography, ethnic background, political yeomanship, or the fondly remembered ability to run the Wishbone T are magical qualities that prepare a candidate to decide the compelling issues of

several of them, such as the new laws which protect en-dangered species of wildlife and those that regulate billboards and junkyards.

There was, in addition, the pace-setting new "truth-inair-pollution" law which gives Michigan one of the strictest air pollution control statutes in the United States. It has been acclaimed as landmark legislation and a milestone in efforts to clean the air and keep it clean.

The law sets fines as high as \$10,000 for single violations and up to \$2,000 a day for each day an industry continues a violation after it has been warned to stop. At the same time, it creates a surveillance the costs of monitoring the air for pollutants.

The fees will be charged against all industries which release pollutants into the air. Individual fees will range from \$25 to as much as \$8,000 a

legal definition of air pollution by eliminating the need to prove injury to human health or natural resources before action can be brought by the State Air Pollution Control Commission. In addition, the membership of the commission has been expanded by the addition of representatives of labor and the public.

Another new environmental law will make it possible to preserve generations huge tracts of Michigan's most scenic wilderness and natural areas.

The 1972 Wilderness and Natural Areas Act provides that the Natural Resources Commission consider areas for wilderness designation from recommendations of individuals or groups, the Department of Natural Resources and a sevenmember advisory board appointed by the governor.

Owen should check facts before accusing

I think Gary Owen, who is in the race for representative in the new 22nd legislative district, had better check his facts before he accuses Roy Smith, his opponent, of abusing his franking privileges.

'C' would reduce maximum millage levy

I wish to speak in favor of Proposal C which will appear on the ballot on Nov. 7. The continuous political bickering over the merits of this proposal are a deliberate attempt to cloud issues and confuse the public.

The claim that property taxes will rise is erroneous. Proposal C reduces the maximum millage for operation of government from 50 mills down to 26 mills.

Fourteen mills are allocated to specific governmental units. Six mills may be voted for school enrichment programs, and 6 more mills may be voted for township and county programs such as recreation and fire and police

No millage is allocated for the operation of schools unless voted in by the people. The state will be forced to fully fund all school operations.

Millages already on the books for bonded indebtedness (such as for schools, sewers and water) and millages set by city and township charters will not be affected since they have already met with voter approval.

Therefore, every property owner will realize tax relief approximately equal to the amount of their voted operational millage. In Van Buren School District the decrease in property taxes should amount to approximately 17 mills. By no stretch of the imagination can I visualize this as a property tax increase. State income taxes inevitably will

Secondly, we keep hearing about the loss of local control of our schools if this proposal passes. Just what local control do we have? It amounts to the levying of taxes, hiring of personnel, setting curriculum with some state regulation, setting local school policy, and providing facilities according to

state regulations.

The state, on the other hand, has much more control

1. The tenure law regulates hiring and firing procedures for

2. The public Employe Relations Act mandates that boards of education bargain with their employes in the areas of working conditions, salaries, and conditions of employment;

 Driver training programs are mandated to the schools;
 Special education and vocational programs are state regulated; 5. Free textbooks and supplies are mandated by the state; 6. The 180 day school year with a minimum of 900 hours of

instruction are state requirements in order to qualify for 7. Local districts must levy a minimum amount of taxes in

9. Assessment programs are conducted by the state

without local consent; 10. The state requires local accountability according to state regulations;

11. Transportation programs are state regulated with minimal local control 12. State and federal government hold tight controls over

local qualification and expenditure of government funds There are hundreds of pages of regulations in the State

School Code which cannot be enumerated here These are state controls without local say-so and without proper funding. Local boards must live with these controls and find the financing to support them.

It is time now for the state to assume its full responsibility, as mandated by the United States Constitution, for the education of our children in a fair and equal manner for all. Vote yes on Proposal C on Nov. 7.

Voters urged to split ticket in election

EDITOR'S NOTE: The following letter, addressed to the voters of Sumpter Township, was received by this newspaper for publication.

To the editor:

Once again, we are ready to go to the polls to try to further stabilize the government of Sumpter Township. On May 16, you (township voters) supported our efforts and recalled the township board that took office in November, 1970.

In August, you again showed your interest in good govern-ment by defeating most of the recalled group's handpicked slate — the Marvin Banotai Slate — to fill the interim term, and the Richard Krajewski Slate, to run in the general election on Nov. 7.

As you know, we can split our ballot in the general election. So now we come to you asking your support for the following people: supervisor, Robert D. Marble, Democrat; clerk, Lyle B. Curtis, Republican; treasurer, Betram J. Bradley, Democrat; trustees, Kenneth E. Wood and Bruce G. Merritt, both Republicans.

We believe that at this time, if we all exercise our privilege to vote, we can start the township on a stabilized course of

We think that the above group can best set that course. Won't you please help, by casting your vote for them?

A comic once said, "The trouble with political jokes is that sometimes they get elected". At various times in various places the joke has in fact held true. It is also a truism at times that the guy who works his gums the most before election is the same guy

who gums up the works after he is elected. He is usually the person who is an expert in looking for trouble, finds it everywhere, diagonoses it wrong and applies wrong remedies You can say or think what you want - jokingly or seriously. The ballot box is STILL the essence of democracy . . . It is STILL the best place to solve problems caused by conflicting minds and interests. . The ballot box is a place of decision. . YOUR decision about men or issues counts as much as anybody else's.

There is a powerful reason - perhaps above all others - for you to vote. You have the responsibility and the right to decide who will spend YOUR money, and how it will be done. . . Isn't that a rather good reason to vote?

Romulus businessman weds New Boston girl

Evangel Baptist Church in the Mike Rossis, served as Taylor was reserved for the recent wedding of Christina Nazarchuk of New Boston and Douglas D. Brown of Wayne. Some 250 guests witnessed the double ring ceremony con-ducted by the Rev. Ronald Graef at six in the evening.

Candles in each window and three vases of gladiolas and pastel flowers adorned the church as the bride entered with her father.

The daughter of Mr. and Mrs. Leonard Nazarchuk of 17911 Hannan Road, New Boston, Chris selected for her wedding day a toe-touching victorian gown of ivory sata peau designed with a lifted waistline, bishop sleeves with deep cuffs trimmed in Venetian lace, and a high stand-up collar, also of lace.

Her ivory illusion mantilla, banded with matching Venetian lace, swept into chapel length train as she walked. An old-fashioned bouquet of blue bachelor buttons, yellow daisies, pink roses, purple asters, and pink and white carnations com-pleted her bridal finery.

KAREN NICHOLS of New Boston served as honor at-tendant for her best friend in a voile print gown in blue, green, white, orange, red, and yellow with a red satin sash encircling the empire waist. Mixed garden blooms were used to fashion her bouquet and were also worn in her hair with streamers to match.

Members of the family making up the bridal coterie were the bride's sisters, Rebecca and Ruth of New Boston; and the bridegroom's sister, Jackie Brown of

Ruth, who served as junior bridesmaid, donned a white dotted swiss pinafore over her print gown and carried an oldfashioned basket filled with mixed flowers to match her headpiece. The other attendants were in voile print dresses with variegated satin sashes to match their shoes. They, too, held assorted garden bouquets and wore matching flowers in their hair.

FIVE-YEAR OLD Mary Nazarchuk wore a colorful voile print frock and white dotted swiss pinafore for her role as flowergirl. Mikey Rossi, the six-year old son of ringbearer.

The bridegroom, sen of the Elwyn Browns of Mildred Street, Wayne, chose his best friend, Richard Roland of Wayne, to be best man. Others on the esquire side were Basel Brown, the bridegroom's brother from Boston, Massachusetts; Dr. Donald Zinkon and Neil Seaward, both of Wayne; Floyd Vinson of Plymouth; Dean Rodriguez and Dennis

Hale of Okemos. The bride's mother chose for the occasion an aqua and pink A-line gown of chiffon on brocade with a patterned companion coat and matching accessories. Mrs. Brown wore for her son's wedding a dark purple velvet formal with harmonizing accessories. Both mothers were presented

Zinkon from Wayne; and Cliff

with white orchids. The Galaxie Room at the Thunderbowl in Allen Park was the setting for the reception which followed.

A GRADUATE of Huron High School in 1971, the bride attended Western Michigan University where she was a special education major and member of the Smyphonic Band. Her husband, a 1969 alumnus of Wayne Memorial High School, attended Eastern Michigan University for three and a half years as a police administration major and was a member of Western Michigan's Symphonic Band The owner of The Music Center in Romulus, he is a professional organist and professional organist and teacher.

The newlyweds, who are making their home at 32151 Hickory Hollow Drive, Wayne, were also honored at the rehearsal dinner given by the bridegroom's parents at the Holiday Inn.

Honeymooning in Michigan's Upper Peninsula this week are the newly wed Merle Leslie Arquettes who will make their home in Belleville on their return.

Wanda Jo Fox, daughter of Mr. and Mrs. Ronald Mazur of 14293 Sheldon Street, Belleville, became Mrs. Arquette in an October 28 ceremony at Grace Baptist Church of Belleville. The Rev. William Gram presided at the double ring nuptials at six thirty in the evening before an altar appointed with white glads and mums tied with white satin bows.

The bridegroom, who made his home at 43899 Crowley Street, Belleville, is the son of Mr. and Mrs. Merle Arquette of 23341 Kinginton Street,

ESCORTED UP the aisle by her father, Wanda Jo appeared in traditional white Chantilly lace, the little fitted bodice being fashioned with a square neckline enchanced with sequins and pearls and long, Juliet sleeves cuffed at the wrist. Sequins and pearls, which glittered on the bodice, were also used to enhance the full skirt which was designed with a straight panel in the front with layers of lace making up the sides and back. A butterfly bustle and chapellength train added back in-

terest to the gown. A double crown of pearls bride's three-tiered waistlength veil and a cascade of red sweetheart roses, white carnations and mums, and baby's breath completed her ensemble.

Preceding the bride to the altar were her six attendants: Evon Kay Merritt of Romulus, who was her sister's matron of honor; another sister, Judy Fox; Pam Vance, Debbie Kovach, Karen Hampton, and Debbie Nichols, all of Belleville.

MRS. MERRITT'S gown of pale orchid chiffon had darker orchid velvet ribbon laced through the front of the bodice, the long sleeves being made in the Juliet mode and the A-line skirt terminating in a two-inch ruffle. She wore a three-tiered shoulder veil to match her dress and carried a colonial bouquet of pink roses surrounded by white mums, orchid carnations and baby's

were in identical pale pink

Grace Baptist Church

Eight-year old Merrily Ellis, daughter of the Walter Ellises, was flowergirl in a floor-length frock of white lace. The nosegay she held was a miniature version of the attendants' bouquets.

Carrying out the role of ringbearer was eight-year old Raymond Summers, son of Mr. and Mrs. Kenneth Summers.

The bride's brother-in-law, Larry Merritt of Romulus, was asked to be best man. The corps of ushers included John Horste, Johnny Squires, Jay Martz, Rod Luckus, and Steve Connley, all of Belleville.

AT THE RECEPTION, which followed in the P.N.A. Hall, the bride's mother greeted guests in a formal gown of royal blue chiffon while Mrs. Arquette, the bridegroom's mother, was in a peach-colored flloor-length gown. Both were presented with corsages of roses and carnations

to say they are qualified and experienced for the position

Republican Roy Smith, 48, the incumbent representative from the 52nd District, has more than 18 years of local and state politics under his belt, including eight years as Ypsilanti Township supervisor and six years as a state

Democrat Gary Owen, 27, in 1971 was elected to a four-year term as Ypsilanti Township trustee. For two years before. that, he was a member of the township planning commission and worked on a senior citizen committee. Aside from having practical experience, Owen said he has a "strong background" in community development because he was graduated from the University of Michigan with a masters

degree in urban planning.
In interviews with the Belleville Enterprise and Romulus Roman recently, the 22nd District candidates discussed local and state problems including pollution, taxation, education, mass transit and representative-constituent communication.

The new 22nd District includes the cities of Ypsilanti, Belleville and part of Romulus and the townships of Ypsilanti and Van Buren. As 52nd District incumbent, Smith said he had the option of running for re-election in either the new 22nd, the 23rd or the 52nd District.

Although the 23rd and 52nd District races would have been 'solid districts' for him, the incumbent decided to run in the 22nd because "the people in this area have been so loyal to me," he said.

Smith said with his six years seniority in the House, if he is re-elected he would be in the number two Republican position on the Appropriations Committee.

"The top two House members in each party are usually appointed to the Capital Outlay Committee," Smith said. "This district needs a representative on the committee because the committee appropriates money for building in

Owen is running for election because he said that aside from being qualified "this district needs a Democratic representative in Lansing. The Democrats control the House and the 22nd District needs a leader in Lansing.

"I will take the incentive to move into a position of leadership. I am not afraid to take on the added responsibility and move up.

GARY OWEN

Both legislative hopefuls said tax reform is needed in the state and hope Proposal C (limiting property tax for school, county and township purposes and providing for a Michigan State Tax Program for supporting schools) and Proposal D (removing constitutional bans against graduated income tax) are passed by voters on the Nov. 7 ballot.

"On a state level the method of taxation has to be changed," Owen said. "Flat rate taxes hit hard. People in the \$6,000 to \$25,000 income bracket are penalized by flat rate taxes. These individuals bore the major portion of taxes."

Although he believes the state needs tax reform, Owen is against value added tax. (Taxes added on at every step of "The value added tax hits people who can least afford it,"

On the other hand, Smith said the value added tax is more fair to industry. Although he thinks the value added tax is

good, Smith said he is "not flatly committed." The funding of education is the number one problem in the state, according to Smith. "The thrust of my action in the legislature over the past six years has been in this area," he

Rep. Smith conducted two state-wide drives - fair share programs — to elicit support for the removal of school fund-ing by property tax. Each of the drives failed. He also "led the fight" which resulted in the adoption of the Community School Program (adult education and enrichment classes) "My major thrust on education was the Community School

Program and higher education funding," Smith said. Opponent Owen has different ideas on education. Although he thinks everyone should have an opportunity to go to college, he said a college education is over emphasized.

"In our culture it is prestigious to be a plumber or an electrician," Owen said.

Both legislative hopefuls said mass transit is a "must," and both agreed money derived from gasoline tax should

"Mass transit eventually will be absolutely necessary," Owen said. "But I look at mass transit as it relates to Ypsilanti, Ann Arbor, Belleville and Van Buren. Mass transit is "What good is a good road system if one is going to an overcrowded school or hospital? It doesn't do any good to go to downtown Detroit if nothing is there."

Smith said although mass transit is a must, it is of no value unless the streets are safe.

"What we need is stronger law and order," he said. "What good will it do to have a mass transit system if the people are afraid to walk the streets.

'When the public demands safety, we are going to get it. By the time we achieve a mass transit system we will have safe streets - they go hand in hand,'

Owen, whose wife Carol teaches in the Plymouth School District, said local issues such as Ford and Belleville Lake and the Willow Run Airport expansion are important.

"As a legislator I can do something about it (the lakes)," Owen said. "Man-made lakes have water flow problems. We need programs to rehabilitate the lakes, to abate the

"For the past six months I have opposed the expansion of Willow Run Airport because the airport is located in a poor position for expansion. I can't see a major airport in the middle of a rapidly growing urban area.

Rep. Smith said local problems are never ending and too

"I try to handle problems on a personal basis - in person or on the phone. In the 18 years I have been in government 99 per cent of the problems I have been faced with have been solved to the complete satisfaction of my constituents. Everything was done that could have been done in those

Smith said he gets at least two or three or up to 100 calls a day from constituents who have personal, tax or real estate problems. He said he tries to give the people "peace of

If Owen is elected he said he would make the legislative position a full-time job. He also said he would stay in touch with the district people and try to socialize with his constituents as much as possible.

"It is important to stay in touch with local heads of governments," Owen said. "Many local government officials want to work with me because they feel I have the ability.

"As for regular people, I will be available as much as possible. I will maintain as much contact as I can.'

Rep. Smith, who lives with his wife at 5780 Whittaker Rd., Ypsilanti, was born in Tennessee — the son of a sharecrop-per. He was educated in Tennessee, joined the Marine Corps for four years, serving during World War II, and while going through an officer training program was graduated with a bachelor of science degree from the University of Michigan. The incumbent worked for Kaiser-Frazer and currently is

on a political leave-of-absence from Ford Motor Company. Owen was born in Alabama and although he never

graduated from high school, he was graduated from Washtenaw Community College with an associate of arts degree and from the University of Michigan with bachelor and master degrees.

Owen was a state and local government instructor for a term at Washtenaw Community College. Owen and his wife live at 115 S. Clubview Dr., Ypsilanti.

The Reading Department of the Michigan's Board of Education has requested copies of the reading obectives (developed for kindergarten and first graders in the Van Buren Public School

The performance objectives were written by a classroom teacher and the staff of Title 1

of the Van Buren School District on the basis of what kindergarten and first grade teachers consider essential if children were to make continuous growth towards independent reading.

Performance objectives also are valuable tools for parents who wish to help their children at home, because every objective specifically states what the child is to do and how he is to do it. Furthermore, every objective is measurable, thus both parent and the child have the satisfaction of knowing when the task has satisfactory been completed.

I-94 is completed

Michigan motorists will be on summer holiday weekends able to drive nonstop from Port Huron to Chicago for the first time ever when the final section of I-94 in Indiana is opened to traffic tomorrow.

Completion of this 18-mile Indiana stretch culminates more than 25 years of cooperation between the Automobile Club of Michigan and the Chicago Motor Club to establish a toll-free, nonstop route between Detroit and Chicago," said Auto Club general manager Fred Rehm.

"This new link, located between U.S. 20 on the east and U.S. 20 on the west, now enables Michiganians to save at least 25 minutes driving time, 10 miles and \$1.40 in toll road fees (\$1.05 for the Indiana Toll Road and 35 cents for the Chicago Skyway)," Rehm said. "Completion of the I-94 freeway in Indiana also eliminates one of the worst traffic problems in

when cars sometimes backed up 18 miles from Indiana to Michigan.

Because motorists were forced to use seven miles of substandard, two-lane road instead of divided highway to reach the Indiana Toll Road, Auto Club dubbed this area "The Cornfield Carblock."
The area also has been referred to as "Indiana's Missing Link" since it disrupted I-94 travel between Michigan and Illinois.

"Thousands of motorists were trapped there each weekend and even forced to stop for a traffic signal where US-20 intersected. This unfortunate situation is now ended," Rehm said.

Automobile Club of Michigan began promoting a Detroit-Chicago freeway link shortly after World War II and kept pushing for completion until the State of Indiana Michigan history, especially finally agreed to construct the

Aside from the District of Columbia - which is entitled to three electoral votes - each state gets a number of electors equal to the number of representatives and senators it has in Congress. for Michigan, that is 19 representatives and two senators, for a total of 21 electoral votes.

The electors meet after the election, generally in their state capitol, the first Monday after the second Wednesday in December to cast their vote. Long established custom calls for them to vote for their party's candidate, but the Constitution doesn't require them to do so and occasionally they don't. Some states, however - including Michigan - have passed laws which assure that their electoral voters vote in accord with the results of the public vote.

The certified and sealed list of state electoral votes is mailed to the president of the U.S. Senate. On January 6, at a joint session of Congress all the votes are counted.

GENERAL TENDENCIES: Although you now have the tendency to feel tired and as though something is holding you back from doing what you wish, your health actually is somewhat better. You are able to get an influential man to give you some essential backing, so you can achieve much that is of value to you in a project.

ARIES (Mar. 21 to Apr. 19) Study your home well and see what can be done to make it more comfortable, functional and charming. Some way-out fun should be forgotten completely. Stick to proven and wise pleasures and people.

TAURUS (Apr. 20 to May 20) You are able to get shopping done and keep appointments of importance in fine condition today. Get any health problem attended to quickly. Talk over with a partner how to become more productive.

GEMINI (May 21 to June 21) Use only the finest methods for gaining increased income and don't follow some ally who is desperate and gets peculiar ideas. Listen to what an objective thinking adviser has to suggest, also. Read some tonight.

MOON CHILDREN (June 22 to July 21) Do some tall thinking about whatever is of a social nature in a.m., and make better arrangements for such. Do not try to force kin to see things your own way. Use tact and you get right results.

LEO (July 22 to Aug. 21) Retire into the privacy of your study and plan the future better. Avoid possible danger in the outside world. Your intuitive perceptions are fine, so be sure to follow them. First think, then act.

VIRGO (Aug. 22 to Sept. 22) You are in the right mood for being with groups socially, so do just that and get good results therefrom. Making new friends is wise, provided they more or less go along with your own ideas. Show you are a fine conversationalist.

LIBRA (Sept. 23 to Oct. 22) Although you want to make radical changes it is better to improve your present setup. Then you add to present benefits. Studying into some new and more lucrative outlet that is surefire is fine, though. Contact dependable people; p.m. is best time.

SCORPIO (Oct. 23 to Nov. 21) You have personal worries that are best solved by going directly to those who are involved instead of talking to outsiders. Being more affectionate with kin brings fine results now. Take a more positive approach to life.

SAGITTARIUS (Nov. 22 to Dec. 21) If you exercise that ingenuity you possess, you find it will be easy to keep promises you have made now. It is possible to find a better site where you can express yourself more ideally. Take it easy in

CAPRICORN (Dec. 22 to Jan. 20) You need not concentrate on work so much now as on pleasure that could become a part of your life in the near future. A higher-up appreciates your work and can now give you a big boost forward. Take heed of what mate has to suggest in p.m.

AQUARIUS (Jan. 21 to Feb. 19) Forget frivolity today and get out with new contacts who have very fine ideas and methods to discuss with you for advancement. See to it that you are very alert so you get the fine benefits you want. Show willingness to cooperate.

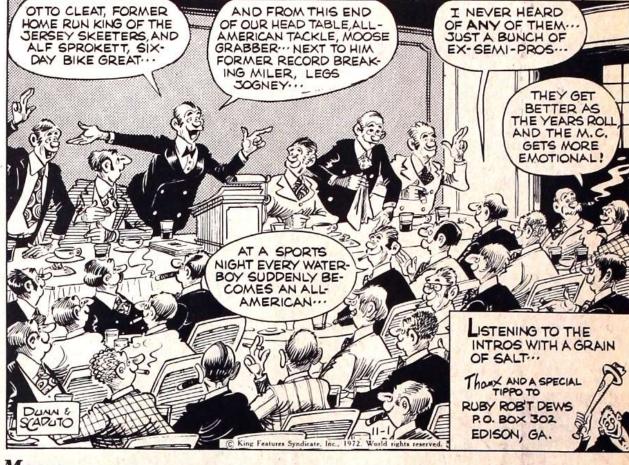

PISCES (Feb. 20 to Mar. 20) Plan some time to listen to the ideas and advice of those who are well informed some time today. Do not lose your temper with those who disagree with you. They could be right, otherwise take under advisement.

IF YOUR CHILD IS BORN TODAY . . . he or she will be one of those charming young people in whose lifetime many sudden and unexpected changes can occur, so teach early to be prepared and on the alert for such, since these can be steppingstones to greater success and happiness. Teach also not to be so emotional about cutting off old ties that are no longer very worthwhile. Any profession that requires an ingenious and resourceful mind like this is fine here. College, if possible.

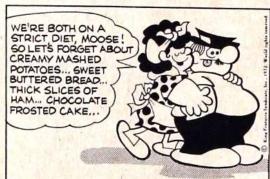

'The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Audubon series opens Sunday

"Kalahari Safari" by Cleveland P. Grant will open the Audubon Wildlife Films series on Sunday in the Pioneer High School auditorium at 601 W. Stadium Blvd., Ann Arbor.

A motor safari into the Kalahari and Namib deserts of

southwest Africa is the setting — baking in the shimmering heat of January, freezing in July.

Audubon Wildlife Films are presented each year in more than 275 communities throughout the U.S. and Canada by the National Audubon Society, oldest and largest conservation organization in the country.

The other programs to be presented this season are: Dec. 10, Walter H. Berlet, "West Side Story — Mexico to Alaska"; Jan. 7, John Douglas Bulger, "Sweden"; Feb. 18, Earl Hilfiker, "Beavers, Water, and Wildlife"; March 18, Eben McMillan, "Outback Australia". Tickets may be purchased at the door.

Outdoor, travel film contest on

The Michigan Outdoor Writers Association (MOWA) has invited all producers and distributors of outdoor and travel movies to compete in its 10th annual National Outdoor Travel

Contest entry deadline is Dec. 11. Details and contest rules can be obtained from Len Barnes, MOWA Contest Chairman, at AAA Motor News, 150 Bagley Ave. Detroit, Mich., 48226.

RECORDING ARTIST APPEARS - Singer Lori Jacobs, who is having an album of her songs released this month, is currently appearing at the Ann Arbor Road House, 47660 Ann Arbor Rd., on Wednesday through Sunday evenings. Miss Jacobs, flanked by Jimmy Kopenecka (left) and John Ginopolis, operators of the entertainment spot, writes and sings her own music. She has been featured at the Ann Arbor Road House since the opening. She had a single record released in the area last month.

WHAT ARE THEY EATING ON Alaskan Safaris tonight? How are Kings dining? What can we have for Dinner that's SOoo different .. it seldom graces even the Onassis table?? WOULD YOU BELIEVE: Caribou..Elk..Moose... faraway exotic Foods you never dreamed you'd faste? And ALL you can eat (and then some) from 6 til 10 P.M!! Here's the story, or at least a small part of it: These ALASKA WILD GAME DINNERS sponsored by the Livonia Lamplighter Lions Club, in cooperation with the Midnight Sun Lions of Fairbanks, Alaska, are open to the general public, as a benefit for American Children who have never seen a manufactured toy .. never worn a garment made to modern standards.. perhaps never even tasted a piece of candy or fruit.. and who can't even imagine that such things exist for other Americans. These youngsters, members of our 49th State, Alaska, are the small Indian and Alaskan children who came to the attention of the Livonia Lamplighter Lions when a terrifying earthquake hit them in 1964, wreaking ½ billion dollars in damage, killing hundreds, orphaning many. My old buddy, Len Ricketts, former Lamplighter Prexy and District Governor has announced that this years Dinners will be served, of course, at IDYL WYLD PUBLIC GOLF CLUB, 35780 Five Mi. Rd., between Levan & Farmington, where else?? C'mon over, tonight or tomorrow, from 6 til 10 p.m. Adults 3.50 .. Kids 2.00! And knowing that to American Children, many still living in sod huts lined with Caribou hides .. Christmas depends on your Dining pleasure.. You'll not only EAT like a King .. you'll BE ONE!

You'll not only EAT like a King ... you'll BE ONE!

AND TALKABOUT IDYL WYLD ... where happiness is alweez WYLD... and Hugh Gedrich is never IDYL ... IF you missed that Halloween Party last nite..it's gotta be the VERY LAST thing you ever miss! Fun was born in Hugh's imagination ... and It's alive and well at Idyl Wyld! Bandleader Nick Lawrence & his Orchette, featuring "Little Joe" on the Organ, have won acclaim throughout the world! 34 years in Music have taken him from Coast to Coast ... put him in every major spotlight in the Country ... and on four throughout Europe. Known as well for their Antics and Comedy as they are for their great Music, they find themselves playing Michigan repeatedly over the years ... at the request of their devoted following. Join the club ... of Nick Lawrence Fans ... every time you go-to-meetin' there's Mirth 'n Music (two guys we hardly ever run into nowadays!) and Join Music (two guys we hardly ever run into nowadays!) and Join the fun for the WILD GAME DINNERS tonight & tomorrow...and next week, on Nov. 8th & 9th .. and you'll come back again and again .. and again, to 35780 Five Mile Rd., Livonia, where they serve Golfburgers nitely til 1:30 ayem. (Mebbe Joyce Mafin will show up dressed like a pussycat again! Now there's a WILD Game .. them pussycats. I wonder what they'll wear THIS

COMMISSIONER JOHN SABO, feeling very much at ease... content with a great meal, relaxed by the atmosphere, and as impressed (as we all are) with the Saxon setting, leaned back and made a motion to give the SIR GEORGE STEAK HOUSE, at 10065 Telegraph Rd., in Taylor, a five star rating! Not being strangers to such action .. Westland Judge Tom Smith and I, both seconded! The general public seems to vote in favor of our ruling, as they come by the score to enjoy a fine selection of Steaks, in addition to the popular Fisherman's delights, and other GOODies! We liked the fact that the proper Wine was offered doubles! We liked the fact that the proper Wine was offered under each entree: seemingly Sir George thinks of everything! (Except, maybe, H-O-W you're going to make it back to the car when you're THAT fullafood!) Our favorite Waitress .. and wayback acquaintance, Barbara Harvey, sees to it that our Coffee cups are always filled .. and typically, for a Sir George-y girl .. awaits our every wish. You may "elect" to visit there any Monday through Friday 11 til 11 .. Sat'dy from 4 p.m. til midnite .. Surday 3.10 n.m. and your "marby" will wish in a walk hall seet. Sunday 3-10 p.m., and your "party" will win in a walk! AND cast your Vote for a VERY different machine: should you chance to drift past the airy divider into the Lounge ... where a lovely Barmaid is free to talk while your favorite Cocktail is mixed by a Computer!! Sir George, you see, DOES think of everything! And if you're thinking of pleasant Dining ... you'll think everything ... of Sir George's Steak House! (AND THEN ... if you're the 1st to recognize me ...)

ANDY MOSES, that very bright young star rapidly rising on the listening horizon, enjoyed acclaim .. as Andy Moses always does .. at a Dixieland Jazz Festival held at CENTAUR FARMS RESTAURANT last Sunday .. as a throng saf wondering ".. how can anything be this good?" For the Jazz Festival; a next-time can anything be this good?" For the Jazz Festival; a next-time Column, so we can name names. For today: "Who is Andy Moses". Many of you already know. Many who have recently heard him will know forever, and think of him whenever a beautiful blue note sounds... and return to Centaur... to seek him out. You don't have to know Jazz before you meet him; to listen is to learn. There are, after all, three things man may love forever... and never understand: Women, Art, and Music. Yet listening to Andy for the 1st time... or the thousandth... you'll know and understand him. In Jazz... in Traditional Music... in the sounds that move our spiril... and our feet. Other than those who congregate at an Andy Moses Jazz Festival to play at his side, he sourids finar move our spiril .. and our feet. Other than those who congregate at an Andy Moses Jazz Festival to play at his side, he performs regularly at CENTAUR RESTAURANT, 5600 Drake Rd., between W. Maple and Walnut Lake Rd., in W. Bloomfield Township Walled Lake, in the company of MOST able Musicians, whose sound you'll love! for Friday and Sal'dy Dancing and listening. Come around .. order a Centaur Snack Tray and your favorite Cocktail .. or stay for Dinner. Chef Guy Passette is known to be an accomplished Artist in his our field. known to be an accomplished Artist in his own field .. and you'll go away singing .. Centaur's praises as well as Andy's!

YOU'RE IN GOOD COMPANY .. at Vladimir's, and most especially when it's YOUR Party! Particularly Company Holiday Parties, which promote good will, ring in the Season, and prove every time to be your Firm's greatest morale booster and builder of good fellowship. ("This outfit c-a-r-e-s" they go away saying .. and each year, working accomplishments reflect that NOW, spirits are better than ever!) Vladimir's is also a nice place to plan a REAL Family Thanksgiving party. You know, the kind you have once in a lifetime? Those Cousins from out of town ... the Kids in-Laws, all of them ... those old Neighbors who remember you "when" ... and 50 other people you'd like to say "Thanks" to These Parties, especially at Holiday Time, we store in our memory for rockin-chair days. And these parties, though we seldom mention it, have a way of coming out perfectly, because you let Vladimir's do it all FOR you! Whether you're considering feeding 50 .. or 500, call VLADIMIR'S at 477-8050 and tell Host Walter Sarcevich or Party Planner JoAnna K. Mackie about it. They'll invite you out to 28125 Grand River, in Farmington. They'll show you how to make every occasion a total Success! For Holiday Festivities... be this the time to have 75 Friends and Relatives... 100 loyal Employees... or even an Organizational "Holiday Millionaire's Party"... perhaps a Berefit, N-O-W is the hour to book them! Thanksgiving. Christmas. New Year's Eve., Look out, here they come! At Vladimir's .. the Reservations are already filling up FAST. (That phone again? Sure, 477-8050! Call quick!)

For 38th District

Michigan State rep race symbolic

By RANDY GARTON

The race for state representative from the 38th District is symbolic perhaps of the evolution of state politics in recent years.

In that contest, Mrs. Joanne Elliot - a long-time grassroots worker for the Republican party, wife of a rural postman and mother of four - is challenging an eight-year veteran of the state house, Edward E. Mahalak.

The 38th District, which was restructured earlier this year to conform to the 1970 census, includes most of the City of Romulus and all of Huron and Sumpter townships. A small section on the west side of Romulus as well as the City of Belleville and Van Buren Township have been shifted into another district.

During a 11/2-hour interview with the two candidates, their differences in political philosophy and beliefs came through loud and clear.

"The most important issue to me," Mrs. Elliott said, "is that return of responsive, responsible legislators to Lansing. They must be responsible to the people."

She said she was encouraged to run by many Democrats in the district who, she said, "felt they were no longer truly represented in Lansing."
Mrs. Elliott claimed that

Rep. Mahalak had introduced no new legislation during the last session and generally did not fulfill his responsibility to the people of his district.

Mahalak denied Mrs. Elliott's charges, stating that he worked hard on the veterans' bonus bill and blamed the state Senate for not passing much of the other legislation he worked for. He emphasized his experience.

"After you're in the legislature for a few years," he said. "You develop what some people call clout. There are a lot of programs I have started and need to be con-

"I pledged a million dollars would be spent by the state for the Sumpter Township schools," he said. "So far, \$750,000 has been spent."

He said that a new representative might not be able to squeeze additional funds from the state. Both candidates support a mass transit system and a two-cent hike in the gasoline tax to support it. Mahalak voted for Gov. Milliken's mass transit package when it came to a vote last spring.

per cent," he said, "although my opponent (Mrs. Elliott) criticized me for voting for the gasoline tax.'

Mrs. Elliott denied her criticism of Mahalak's vote and said she supported mass transit, but questioned whether the distribution of funds would be fiscally sound.

"Some legislators from rural districts claim that mass transit will help only the city, and that's not true," she said, "but the crux (of the problem) is that we get quality mass transit; that the most people see the benefits of mass transit."

Clear differences between the candidates emerge on the controversial property tax method of financing state

Mrs. Elliott said that many of the people she talked to in her district said they no longer had control over funds or the direction in which the state was heading.

This feeling, in part, leads her to oppose proposals C and D. She says that most people don't know exactly what the consequences of passage

"I'm not personally afraid of Proposal C," she said. "But you cannot guarantee the voter that there will be tax reform from this. There are too many gaps.'

She charged the past legislature with shirking its responsibility when Gov. Milliken's tax reform package was defeated. She said they worried about "their own political skins."

Mrs. Elliott said she opposed proposal D because it would give the legislature "carte blanche" with tax

"It's up to the legislature to determine whether we go to a graduated income tax," she

said. "At least with the flat rate much higher," he said.

Mrs. Elliott repeated her attack upon Mahalak and the rest of Michigan's legislature government is that they don't see any benefits for themselves coming from the state

emocratic mayors egoing to vote for a Republican Senator.

Five Democratic mayors have endorsed Senator Bob Griffin for reelection. It would have been much easier for them, politically speaking, to endorse the Democratic candidate. But their consciences wouldn't allow it. They know Senator Griffin is the better man.

They know Senator Griffin led the fight in Congress against school busing and he authored a constitutional amendment to prevent it—an amendment Kelley says he would vote against.

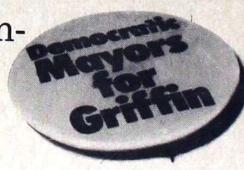

They know that Senator Griffin was instrumental in getting the auto excise tax repealed. (One reason he's referred to as "Michigan's Muscle.")

They know that he co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

They know Senator Griffin has introduced legislation to guarantee that working men and women get the pensions they've earned.

So these five Democratic mayors are taking the hard way out. And putting the people above party.

They're going to vote for Senator Robert Griffin next Tuesday. And they urge you to do the same.

Proposal A seeks to change Michigan time to Daylight Saving Time

For six months each year, Michigan observes Central Daylight Time (CDT) which coincides with the Eastern Standard Time (EST) while the other states in the EST zone go by the Eastern Daylight Time (EDT) which is one hour

All states but Michigan, Arizona, Hawaii and part of Indiana, have adopted the daylight saving time system as provided under the Federal Uniform Time Act of 1966.

By enacting Public Act No. 6 of 1967, Michigan chose to be exempt from the time change law and confirmed its opposition in a referendum four years ago, even though less than 1 per cent of those voting decided the election.

Proposal A, if approved, would repeal the 1967 state legislation and put clocks one hour ahead from the last Sunday of April until the last Sunday of October each year.

In Proposal B, Michigan voters will confront the question of legalizing the state's abortion law.

The proposed law would allow a licensed medical or osteopathic physician to abort a pregnancy of less than 20 weeks at the request of a patient provided it is done in a licensed hospital or state-approved clinic.

This proposal would change Michigan's abortion laws which presently permit abortion only if a woman's life is in

Under the new law the physician would not be restricted as to abortive techniques. The decision to perform the abortion would be made by the woman and her physician, except in cases where patients are under 18 years of age. In such cases, as with any surgery, parental consent would be required.

PROPERTY TAX Proposal C calls for a limit on property tax for school, county and township purposes and provides that the legislature establish a state tax program for support of

The average local school operating tax is 26 mills. Adoption of this amendment would eliminate this tax. This would not automatically be replaced by higher state income taxes, but no other revenue source appears to have the needed potential to replace the individual portion.

Property taxes would still be levied to operate county, city. village and township governments; to retire bond issues by local governments and school districts; for vocational compensatory and special education programs, and to operate intermediate school districts and community college

GRADUATED INCOME TAX

Proposal D seeks to approve a graduated income tax program for the State of Michigan.

The Michigan State Constitution prohibits the state or any of its subdivisions from levying a graduated income tax.

The present state income tax is a flat rate tax as are the income taxes imposed by various cities. "Flat rate" means that everyone pays the same percentage of their income in

With a graduated tax, the person who makes more pays a

higher percentage or pays on a greater portion of his income. Adoption of this amendment would not require graduated income taxes, but would permit the legislature to impose either kind and to pass laws allowing local governments to levy either kind.

TUITION PAYMENTS

Proposal E would allow the State of Michigan to borrow \$266 million to provide some veterans with tuition payments to educational institutions or service bonuses.

An estimated 250,000 ex-servicemen could qualify for the \$500 payable to combat veterans, and another 102,000 noncombat vets would be eligible for \$15 per month service

Eligibility would extend to veterans in uniform between

Jan. 1. 1961 and Jan. 1, 1974. In addition, an applicant would have to have resided in Michigan six months before entering the service and completed 190 days of "honorable service" on active duty

A widow, child, or parent of a dead veteran could collect the benefits. The child of a veteran officially designated as missing in action or a prisoner of war would be entitled to up to four years of educational benefits.

Candidate visits class

By LINDA PHIPPS

Incumbent Congressman William Ford visited Huron last week. At a morning assembly in the cafeteria Ford (representative for southern and western Wayne county) came to answer questions.

When asked how he felt about George McGovern's plan for the military, he said his only criticism is that, "It's not radical enough.'

Ford told us that besides the \$30 billion spent annually on Vietnam, we spend \$14 billion annually on keeping NATO forces in Europe.

He also talked about: busing the draft, the drug laws, capital punishment, abortion, the electoral college and the

English classes are held

Education programs at the Romulus Senior High School recently introduced con-versational English classes for foreign-born students.

Five students representing four different nationalities attend twice weekly classes in order to strengthen their com-munications skills in English.

Currently attending are Cindy Wei and Agnes Wen from China, George Kowalski of Poland, Rosa Baker, from Vietnam, and Cristela Segura of the Dominican Republic.

The Tuesday-Thursday class sessions consist of reading instruction, practice in pronunciation and informal discussions of mutual concerns, customs and interests.

Instructing the course is Earl Cornett, graduate student at Eastern Michigan in sociology and education. Classes are scheduled to continue through June with several special events, banquets and international projects planned throughout the year.

English are invited to attend the free evening sessions and can obtain additional information by calling 941-1600.

William Smith, community-school director for the Romulus School District, was the guest speaker at last Tuesday's monthly membership meeting of the Romulus

Smith spoke on behalf of the adult education system currently being held at Romulus Senior High School.

In his presentation, Smith outlined the program, what has already been accomplished and what is scheduled for the near future. He said one of the current objectives is to get

more adults to investigate the program.

Smith said that once oriented to the possibilities of the evening enrollments, most adults become interested in finishing whatever education they lack.

After making the Jaycees knowledgable of the Adult Education Program, he requested the aid of the Jaycees in furthering the program. He asked the Jaycee to formulate a program of enrollment help to coincide with the efforts of the school system planned for next year.

The Jaycees agreed to participate. Co-chairmen of the enrollment aid project are Larry McKenzie and John Domas. The Jaycees ask anyone who has not completed their high

school education to contact the school offices for information. In almost all cases no cost is incurred by the adult student

So the two nonleague rivals were forced to settle for a 14all tie in this age when knots are united in high school football.

We asked the refs to play the game to its conclusion, said Romulus Coach Bill Hardy, "but they replied that they had another game to officiate so they refused.

"It's a shame. What would four more plays have meant to the officials?" asked Hardy.

Hardy was pleased with his team's all-round performance against the Detroiters, who are comfortably seated in third place in the DPL Southeast Division.

'We were outmanned,'' said Hardy, "and we faced a squad that had 17 seniors on it and none of our boys gave up. I think we got just one heck of a game from all of our boys and I don't want to single out any

hadn't Michigan's Wolverines just cut up the bodies that Coach Cal Stoll placed on the field just a few seconds ago? And 'M's dissection of the Gophers left little room for

What was left was a distorted picture which Stoll tried to put in focus for the press "I'm sorry and disappointed," said an almost apologetic Gopher coach whose team was battered 42-0 before an 84,000 plus homecoming crowd at Ann Arbor Saturday. "We sure didn't look like a team today did we? he added, then went on to compare the relative strengths of the team that just beat him with that of Nebraska and Colorado which also over-

whelmed them (49-0, 38-6, respectively) earlier in the year. But if Stoll and his coaching staff were "disappointed at the letdown," there was also one individual who felt equally disappointed at his performance.

Keith Simons, who a year ago at this time was trying to help Belleville and Coach Keith Emerson win football games was searching for words to explain what needed no explanation. It was evident that 'M' had too much for the Gophers this year. Simons, a 6-foot-4, 232 pound freshman, has started for the Gophers consistently as a defensive

Michigan didn't waste any time testing the sturdy athlete. The Wolverines ran their first three plays over Simons spot and the former All-Area gridder was almost helpless in trying to stop them. "Yes, I'm disappointed that we didn't play a better game,"

said the 19-year-old athlete who was in the battle on defense all the way. "And I knew they were going to test me because everyone tries to test a freshman first. "I'm disappointed," Simons reiterated, "but, again, Michigan is as good as anyone we have played. And, after all

no other team has stopped them either. Then came a flood of questions that Keith chose to leave unanswered: Would he have preferred playing for Michigan, did he regret going to Minnesota and how come Michigan

didn't even try to recruit him? Simons smiled the questions off with, "we're a young team, and we'll be back.

And you have to believe him.

There was another Emerson protege on hand this week at Dearborn Heights Robichaud's homecoming game against Willow Run Friday afternoon. Silas McKinnie who played ball for Emerson's teams in the early sixties, saw the Bulldogs win an impressive 22-0 nonleague decision.

McKinnie went on to Iowa where he earned Big 10 fame as a halfback. He later played in the Canadian League and this year was with the St. Louis Cardinals before they traded him to the Atlanta Falcons.

Apparently an old knee injury sidelined the ex-Robichaud star.

Emerson served as Robichaud's athletic director and head football coach for nearly 10 years before moving on to Redford Union, then to Belleville High where he presently is coaching the Tiger grid machine.

U.P. Republican seeks state board position

State Board of Education posts in the November elec-tion is Edmund F. Vandette, Upper Peninsula Republican.

Vandette supports President Nixon and Sen. Robert P. Griffin on their antibusing stands and states, "I want equal opportunity in education that would begin with sound and workable programs on the neighborhood level, where the kids are.'

The 40-year-old social science professor at Michigan Tech added, "I believe that forced busing is going against the majority wishes of both

black and white parents." Vandette admitted there quality of education in various

use of property tax for the financing of schools and would place the responsibility for an alternative on the state

The Republican candidate expressed his displeasure with the effects of the present property tax in terms of the effects it has on senior citizens. "I'm sad about what has happened to our senior citizens who have had their dreams wiped out by increased property tax and inflation. They are locked in with nowhere else to go," he said.

Vandette also favors Proposal D which would lift the constitutional ban on a graduated income tax within the state. He did, however raise concerns that "control of local school districts must remain at the local level."

Many opponents of the proposal have argued that a graduated income tax and a lower property tax would lessen the local control of schools

"With the passage of proposal C or D, I don't envision the loss of local control," Vandette said.

Vandette will be facing nine other candidates in the race for the two eight-year terms the board. Republican William A. Sederburg; Charles E. Democrats Morton and Gumecindo Salas; American Party candidates Mary G. Calder and Frederick S. Kline; Socialist Labor Party candidates Thoms E. Girard and Edgar Thomas; Human Rights Party candidate Hoard L. Jones and Conservative Party candidate James E. Wells.

Vote Yes on C and D.

72-621

Motion by Oakley, supported by Block, to adopt Resolution 72-621 authorizing the execution of contract for legal services between the City of Romulus, a Michigan Municipal Corporation, in Wayne County, Michigan, hereinafter referred to as the "Local Public Agency" or the "LPA" and Elsman, Young and O'Rourke and Ken-neth M. Davies, P.C., of Detroit, Wayne County, Michigan hereinafter referred to as "Attorneys".

RESOLUTION NO. 72-621

WHEREAS: The Local Public Agency is now engaged in an Urban Renewal Project designated as Wayne Beverly Renewal Project No. 1, Michigan R-187, in connection with which it has entered into a Loan and Capital Grant Contract with the United States of America providing for financial aid under Title I of the Housing Act of 1949 as amended; and

WHEREAS: Pursuant to said project the LPA has acquired many parcels of property in the project area by negotiation, but has been unable to acquire approximately 50 parcels of property hereinafter described, which must be acquired in order to proceed with the Romulus Renewal redevelopment plan; and

WHEREAS: The LPA desires to engage the attorneys to render legal services in connection with the acquisition of said property, including condemnation proceedings under appropriate statutes of the State of Michigan, as amen-

NOW, THEREFORE, the Local Public Agency, in consideration of the agreement of the Attorneys hereinafter contained, does hereby retain and employ the Attorneys to act for and represent the Local Public Agency on the following terms and conditions:
A. Scope and Time of Service

1. The Attorneys agree to institute and prosecute to completion condemnation proceedings on the above described property, in the name of the LPA, including, but not limited to, the preparation of all pleadings, research, preparation for trial, trial and appeal, if necessary, to the Michigan Court of Appeals and to the Michigan Supreme

2. The Local Public Agency agrees to furnish all data and information relative to this property and the acquisition thereof in its files, as requested by the Attorneys, and to assist the Attorneys in the preparation of exhibits and other evidence if deemed necessary by the Attorneys.

3. The services of the Attorneys shall commence on September 15, 1972 and shall be continued and pursued in such sequence as to assure the expeditious completion of said case, and shall continue until said case has been finally resolved, but in any event, all of the services required hereunder shall be completed by April 1, 1974.

4. It is understood and agreed that the professional legal

services to be rendered pursuant to this agreement may be performed by any member of the firm, ELSMAN, YOUNG & O'ROURKE and KENNETH M. DAVIES, P.C or any professional employee or associate thereof, whether permanent or temporary, but that in any event, said firm shall remain responsible for the proper per-formance of said legal services.

B. COMPENSATION

1. The Local Public Agency agrees to pay the Attorneys for said professional services as follows

(1) For office work, travel, research and preparation the sum of \$35.00 per lawyer hour.

In addition to the compensation above provided, the Local Public Agency shall reimburse the Attorneys for expenses and disbursements in connection with such legal proceedings, such as court costs, costs of depositions, witness fees, long distance toll charges, recording fees, printing, transcript of testimony and all expenses directly relating to the prosecution of said case, but not including normal office overhead.

3. Periodic summarized statements may be submitted to the Local Public Agency for services performed during the previous month, or since the previous statement, such statements to indicate the nature of the services performed, time involved, court days, and disbursements.

4. It is further agreed that in no case shall the com-pensation provided for in paragraph 1 of this agreement exceed the amount of \$18,600.00. 5. This Agreement is subject to and incorporates the

provisions of Part II, Terms and Conditions, Form H-621B (8-63) hereto attached. 6. The Attorneys hereby accept employment of said

terms and agree to give all matters connected herewith their best care, skill and ability.
7. The Local Public Agency may terminate this contract at any time without penalty of delivery to the Attorneys of thirty days' written notice of termination and, in such case, the Attorneys shall be entitled only to compensation

VAN BUREN PUBLIC SCHOOLS ANNUAL FINANCIAL REPORT

For The Year Ended June 30, 1972 Van Buren Public Schools Belleville, Michigan

Board of Education Van Buren Public Schools 555 West Columbia Belleville, Michigan 48111

Gentlemen:

We have examined the financial statements of the several funds of the Van Buren Public Schools, Belleville, Michigan, for the year ended June 30, 1972. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

No verification was made for teachers' classroom enrollment in comparison with school census records:

In our opinion, the accompanying balance sheets and statements of revenues and expenditures and fund balances present fairly the financial position of the General Fund, Debt Retirement Funds, Building and Site Funds, Cafeteria, Activity Funds and Title I Funds, of the Van Buren Public Schools at June 30, 1972, and the results of the transactions of such Funds for the year then ended, in conformity with the generally accepted principles of

Although Van Buren Public Schools have operated in 1971-72 with a moderate surplus balance, it should be noted that delinquent taxes receivable are more than the amount of the fund balance. Delinquent taxes have increased each year for several years. Since collection of these taxes extend over a period of several years, and since there are no surplus cash funds over and above the liabilities, the operations for the early months of the 1972-73 year are dependent on periodic State Aid payments and borrowing against anticipated taxes for cash funds to pay operating expenses.

In this era of rising costs, the administrative officials are to be commended on their ability to control costs, and keep them within their established budgets.
